

GT Women's Initiative (GTWI) 2021 Mid-Year In Review

The goal of the **Greenberg Traurig Women's Initiative (GTWI)** is to strengthen the firm by building a cohesive community of women lawyers through empowerment, inclusion, and advancement.

As we look back at the last few months, we are so proud of all we have accomplished. Greenberg Traurig (GT) women are strong, creative, and empowered. They are an inspiration to us all.

We had so much to share that we could not fit it all; however, we hope you enjoy this small sample of our 2021 mid-year highlights. Be safe and stay well.

Greenberg Traurig Poland Jun 23

We are excited to announce that the Warsaw Office of Greenberg Traurig was awarded the prestigious Poland Firm of the Year award at the highly esteemed Euromoney Legal Media Group “Women in Business Law Awards 2021 Europe”. The awards celebrate law firms that have developed strong innovative practices and projects that highlight gender diversity, as well as women lawyers working in business law. This year’s winners were announced in a virtual ceremony held on 24 June 2021.

“Greenberg Traurig is honored to be selected as the Women in Business Law Awards 2021 Poland Firm of the Year. This is yet another exceptional award for us, following the 2021 IFLR Law Firm of the Year for Poland recognition. It marks the pinnacle of all of our efforts undertaken in such an unprecedented year. We are also delighted that for three years in a row, the Greenberg Traurig Warsaw team has been recognized for both individual and office-wide achievements. It is clear to me that if we want to see true change in women’s empowerment, we need to make this happen by creating and actively supporting progressive initiatives for the inclusion of women in the legal profession,” said Partner [Jolanta Nowakowska-Zimoch](#).
