

DYNAMIC *Women*

SAN DIEGO

Ellen M. Bronchetti

GREENBERG TRAURIG, LLP / CO-MANAGING SHAREHOLDER

In San Diego's fast-paced legal market, Bronchetti stands out for her ability to balance advocacy, leadership and a steadfast commitment to equality. As co-managing shareholder of Greenberg Traurig's San Diego office—the firm's sixth in California and one of 49 global locations—she leads a multidisciplinary team delivering services across intellectual property, labor and employment, real estate, energy, corporate and environmental law. "Since opening in 2023, the office has more than doubled in size, reflecting the dynamic growth of both our team and the San Diego market," she says.

With a career grounded in labor and employment law, Bronchetti has long been driven by a passion for social justice and workplace equality. She helps companies implement lawful, progressive policies that foster fairness while vigorously defending those who are wrongfully accused. "It's equally important to prevent unlawful discrimination and harassment as it is to vigorously defend employers who are doing the right thing," she says.

For Bronchetti, a Dynamic Woman leads with her whole self—embracing blind spots, learning from mistakes and leaning on her network for support. She intentionally champions the next generation of female leaders, prioritizes personal wellness and leads with kindness. Influenced by figures like Taylor Swift, Justice Ruth Bader Ginsburg and her own 7-year-old daughter, she believes in authenticity, resilience and joy as core leadership qualities.

Beyond the office, Bronchetti is deeply committed to her community. She provides pro bono legal support to asylum seekers through Casa Cornelia, has led fundraising efforts for Feeding San Diego and has mobilized disaster relief resources. In a city whose entrepreneurial spirit and natural beauty inspire hard work and balance, Bronchetti continues to shape a legal landscape where opportunity and equity thrive.
